

Make your own

FAIRY GARDEN

Fairy gardens are special places that YOU create for fairies to rest their little wings and soak up some magic. Make sure you have some fun spots for them to play with their fairy friends. Extra sparkly stones and gems are a must!

You will need:

- Small bag potting soil
- A shallow, wide dish or tray with a 'lip' so the soil will not spill
- Small gems and stones
- 2-3 succulent plants or faux plants
- Miniature figurines/fairies
- Tiny Doll house/furniture or make your own (popsicle sticks, glue, etc.)

*Grab a grown-up!
A simple Internet search can also turn up some great ideas for fairy garden designs.*

Map it out! Design your fairy garden below.

Don't forget to make little pathways to lead your fairy around the garden.
